

USE YOUR 5 SENSES

Using your 5 senses can help you feel calm, stay in the present moment and notice the good things around you.

Try it anytime, anywhere!

WHAT CAN YOU NOTICE?

SEE

What can you see?

Look around carefully. Notice colours, shapes, people, nature and little details.

HEAR

What can you hear?

Listen for sounds near you and far away. Notice quiet sounds, too.

SMELL

What can you smell?

Take a slow breath in through your nose. What smells can you notice?

TASTE

What can you taste?

Notice the tastes in your mouth. Is it sweet, salty, sour or something else?

TOUCH

What can you feel?

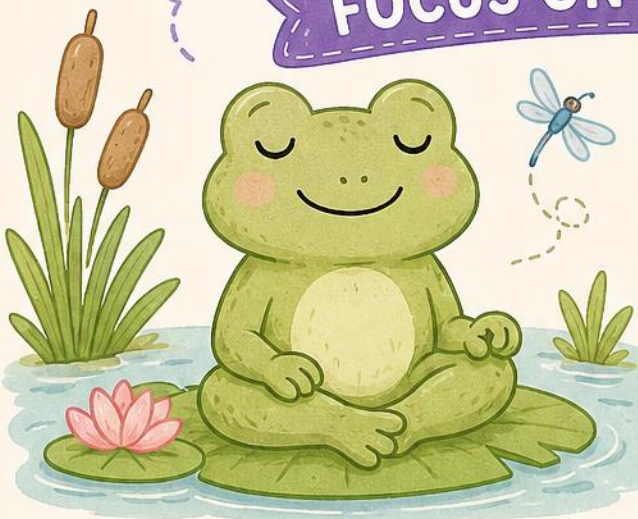

Notice how things feel. Is it soft, hard, smooth, rough, warm or cool?

When we use our 5 senses, we bring our attention to the here and now. It helps us feel calm, happy and ready for anything!
